**Waiver of Business and Employment visa fee
for Ethiopia and Djibouti**

The Government of India, under the Preferential Treatment by India to Least Development Countries (LDCs) in Trade in Services in the WTO, has decided to waive visa fees for applicants from Least Developed Countries applying for Indian Business and Employment visas. The Embassy of India informs that **Business and Employment visas** to the applicants from Ethiopia and Djibouti will be **on gratis basis**, with immediate effect. The Indian Community Welfare Fund fee will, however, continue to be charged from all visa applicants, including those applying for Business and Employment visas.
